HUNTRESS PASSED NAVAL INSPECTION

In answer to a complaint of W. F. Roberts, commanding the Missouri Naval Reserves, that the United States steamship Huntress, which was recently turned over to that organization at Pensacola, was in poor and unseaworthy condition and without ammunition, it was stated at the Navy Department yesterday that the ship on inspection showed herself to be in fair condition, and the department deemed her suitable for the work desired of her in the Mississippi.

There had been no requisition for ammunition. Captain Roberts desired shells for the 1-pound guns in order to fire a salute for President Roosevelt upon his arrival at St. Louis. The department will be unable to get it to him in time for the purpose desired.

SPAIN LEARNS PLOT OF MOORISH SULTAN

PARIS, Sept. 21.—Dispatches from Madrid state that the Spanish authorities have received advices from Mogador that Sultan Abdul El Aziz and his brother, Mulai Hafis, are engaged in a scheme to deceive Europe.

It is charged that the Sultan arranged with Mulai Hafis, that the latter start a rebellion to deceive foreign powers and bring about the defeat of rebellious tribesmen.

The Sultan agreed that Mulai be elevated to a Sultan in the south and should succeed him when he died, as Abdul El Aziz is childless.

given, at which the score of belles had more cavaliers than their dance cards had lines to record partners of the dance.

At this notable function there were present Acting Ambassador from Mexico Godoy, Mexican Consul to Norfolk Didapp, the members of the Mexican commission to the Jamestown Exposition, officials of the exposition, officers of the army and navy of the United States, and society folk not only from Norfolk but of all Virginia.

CHINESE REBELLIOUS; HAVE JAPANESE IDEAS

BERLIN, Sept. 21.—The German consul at Peking, China, reports that the Chinese court is suffering from panic caused by the truculent attitude of students who have imbibed Japanese ideas.

There are 15,000 Chinese students in Tokyo, and those who return bring back with them rebellious ideas about the Chinese imperial dynasty, sometimes even attempting to smuggle arms and ammunition into China.

One of these students, Hen Ching, succeeded recently in assassinating the Manchou governor, En Min. The crime was regarded by the government as part of a great conspiracy against the imperial house, and therefore is to be visited with exemplary punishment. They not only had Hen Ching beheaded and his heart torn out, but sentenced his whole family to decapitation.

Before he died the assassin confessed to being a member of the Yangtze Valley Revolutionary Association, one of the organizations that are largely led and directed by students returned from Japan.

EARLE'S AFFINITY CERTAIN OF MARRIAGE

NEW YORK, Sept. 21.—Miss Julia Kuttner, the soul mate of Millionaire Artist Ferdinand Pinney Earle, returned to New York mysteriously and today was seen at her home, 717 West Seventy-eighth street.

She was emphatic in her denial of the statement in a recent cablegram from Paris that Mrs. Earle had changed her mind and would not get a divorce from her artist affinity.

"That is all nonsense," said Miss Kuttner. "The matter was fully arranged before Mrs. Earle sailed. She will get her divorce and I will be married to Mr. Earle. That is positive."
